

## Products

### – Security & Sensors

CMD344

ZigBee CO carbon monoxide detector

#### Main Features

- ZigBee HA 1.2 compliant
- Works with other system easily
- Low consumption ZigBee module
- Low battery consumption
- Receives alarm notification from phone
- Low battery warning
- Tool-free installation

#### Main Specifications

Operating Voltage	• DC3V lithium battery
Current	<ul style="list-style-type: none"> <li>• Static Current: <math>\leq 20\mu A</math></li> <li>• Alarm Current: <math>\leq 60mA</math></li> </ul>
Sound Alarm	• 85dB/1m
Operating Ambient	<ul style="list-style-type: none"> <li>• Temperature: <math>-10 \sim 50^{\circ}C</math></li> <li>• Humidity: <math>\leq 95\%RH</math></li> </ul>
Networking	<ul style="list-style-type: none"> <li>• Mode: ZigBee Ad-Hoc Networking</li> <li>• Distance: <math>\geq 70</math> m (open area)</li> </ul>
Dimension	• 54(W) x 54(L) x 45(H) mm
