KF 205

Zigbee Key Fob

Description

ZigBee Key Fob 205 is a multi-functional Key Fob for sensing monitoring. It is portable and easy installation. KF205 can deploy and remove the security system through the upper and lower buttons and control the light equipment or energy equipment remotely by the left and right buttons.

Main Features

- Zigbee HA 1.2
- Remote switch controlling
- Remote security system deployment and removal
- Low power consumption
- Mini size, easy installation

Technical Specifications

Wireless Connectivity	
Wireless Standard	<ul style="list-style-type: none">• Zigbee 2.4GHz• IEEE 802.15.4
ZigBee Profile	<ul style="list-style-type: none">• ZigBee Home Automation 1.2
Wireless Transmission Distance	<ul style="list-style-type: none">• Wide area (indoor/outdoor) 30m~100m
Physical Specifications	
Battery	<ul style="list-style-type: none">• Votage: DC 3V• Battery type: 1*CR2450 button battery
Operating Environment	<ul style="list-style-type: none">• Indoor
Power Consumption	<ul style="list-style-type: none">• Standby current: ≤4μA• Trigger current: ≤30mA
Operating Environment	<ul style="list-style-type: none">• Temperature range: -20° C~ 55° C• Humidity range: < 90% no condensation
Weight	<ul style="list-style-type: none">• 31g
Dimensions	<ul style="list-style-type: none">• 40(L) × 77 (W)× 15(H) mm
Mounting Type	<ul style="list-style-type: none">• Wall mounting type• Portable type
