WLS306

ZigBee Water Leak Detector

Main Features

- ZigBee 1.2 HA compliant
- Low consumption ZigBee module
- Low battery consumption
- Separate design of detector and sensor
- Tool-free installation

Main Specifications

| | |
|-------------------|--|
| Operating Voltage | • DC3V lithium battery |
| Current | • Static Current: $\leq 5\mu\text{A}$ • Alarm Current: $\leq 30\text{mA}$ |
| Sound Alarm | • 85dB/3m |
| Operating Ambient | • Temperature: $-10 \sim 50^{\circ}\text{C}$ • Humidity: maximum 95%RH |
| Networking | • Mode: ZigBee Ad-Hoc Networking • Distance: $\leq 100\text{ m}$ (in the open area) |
| Dimension | • 60(W) x 30(L) x 11.8(H) mm |
