5. FAQ:

How to install the 18650 battery:

Note: Both the battery and the battery box of 18650 need to be purchased separately

1. Get a battery box with 18650 battery, like figure 1.
2. Place the feeder horizontally in front of the body, then put the battery box into the battery slot according to the direction shown in the figure 2, and then push it forward to fix it.

Figure 1

Figure 2

How to remove and install the barrel:

- How to remove the barrel:

1. Please fix the white main body first, and then hold the black barrel with both hands and lift it up, then the barrel can be disassembled
2. Please wipe it clean with a clean damp cloth.

- How to install the barrel:

Please return the paddle in the barrel (as shown in the figure below), and then place the barrel on the main body according to the direction when it was removed and press it down gently to fix the barrel.
